<p>OTC (Over-the-Counter) Medications</p>	<p>We have a wide variety of over the counter medications available for purchase. The list is available at the Pharmacy window or on the Intranet (Pharmacy Services→Pharmacy Pricelist).</p> <p>If there is an item not listed that you are interested in purchasing, let us know and we may be able to order it for you. We will try to find a cheaper alternative whenever possible. Our prices are lower or comparable to local retailers.</p>
<p>Prescriptions</p>	<p>We are able to fill prescriptions for associates and their family members, providing they live with the Thompson associate.</p> <p>Pricing is at 20% above our acquisition cost, with a minimum price of \$4 per prescription. If the cash price is not the cheapest option, then we are able to run it through select insurances. You can use your Flexible Spending or Health Saving card for any out-of-pocket costs you incur.</p> <p>There is a list of prices on the Intranet for the most common prescription drugs (Pharmacy Services→Associate Price for Common Prescriptions). If you don't see what you are looking for, call the pharmacy at ext. 6772 to talk with pharmacy staff. If we don't have a drug in stock, we may be able to order it for you.</p> <p>Looking to transfer your prescriptions to our pharmacy? You can either get a new prescription for your meds or you can drop off the bottle from your old pharmacy.</p>

Reports for Flexible Spending Accounts or Tax Purposes	If you are being audited by your Flex Spending program or for tax purposes, call or stop by to request a prescription report and we can have it ready for you the next time you stop in.
Pharmacy Services for Off-site Associates	<p>If you are an off-site employee and our couriers deliver to your building, then we are able to help you out with your pharmacy needs.</p> <p>Fax a request to ext. 6986. Always include a Payroll Deduction Authorization Form (Available on the Intranet: Associate Services→Forms→Payroll Forms→Payroll Deduction Authorization) as well as the OTC Pricelist with the item and quantity marked. These will be delivered within 24 hours of receiving the request.</p> <p>We are also able to fill and deliver your prescriptions to your building. You may have your doctor's office send the prescriptions here, or you can interoffice mail them. Depending on drug availability, we can have these delivered within 24 hours as well. If that is not possible, we will notify you by phone or email.</p> <p>OTCs can be paid for with your badge and, for prescriptions, you may use your badge, Flexible Spending or Health Savings card. Provide that information to the pharmacy upon your initial request.</p>
Pharmacist Consultation	<p>There is always a pharmacist available for any questions you may have about drug interactions, alternative therapies available and recommendations based on your symptoms. They are happy to help.</p> <p>If you are unable to come to the Pharmacy window, you may call the Outpatient Pharmacy with your question and someone will be able to help you.</p>
